

30TH JUBILEE

THE LEGEND LIVES ON

THE LEGEND LIVES ON!

Rallye Breslau turns 30!

Since its beginning, the rally has evoked in the imagination of European offroaders and not only, epic scenarios of immense challenges between men, machines and nature.

The start of this anniversary edition will be in the city of Zagan. The rally will stay there from June 20th to June 26th.

Please note that there is a change in the number of bivouacs for Rallye Breslau 2024. Instead of the initially planned three bivouacs, there will now be two. This adjustment aims to ensure better logistics for everyone and will not affect the diversity of the routes.

The first bivouac will open on Thursday, 20th June, at 14:00 hrs in Zagan. The exact coordinates will be published shortly before the start of the rally.

You will be welcomed by our friendly camp control team. Please remember to bring your personal Competitor Card, which will be sent by the registration system on 15th June. Just as a boarding pass is required to board a plane, the Competitor Card is necessary to access the bivouac. Our team will check every person and an access bracelet will be given. The bracelets have different colours depending on whether you are participating in the entire rally or have a visitor package for the start or finish of the event. Also, all the vehicles entering the bivouac have to be registered and the corresponding fee paid according to the 2024 price conditions. They also will be checked from the camp control team.

We appreciate your respect for the work of both the organizers and the team that ensures comfort at the bivouac. Please note that any found violations will result in sanctions for the persons and their teams. We sincerely hope this does not happen.

The 30th edition of the Breslau Rally has attracted great interest, with over 300 crews participating. This requires a high level of discipline from both the organizers and all participants. We kindly ask you to follow the rules which will ensure a comfortable and enjoyable event for everyone.

ADMINISTRATIVE CHECK

The administrative check will start on Thursday, 20th June at 16:00 hrs. Please take time to fill in all required data for people and cars in the online system, and upload relevant documents:

- for people - photo, passport or ID card, driver's license,
- for cars - registration documents and green (white) card.

Additionally, all competitors must have valid personal medical insurance. If you are not the owner of the car you are driving, you need a power of attorney from the owner, stating their consent for you to participate in the rally.

During the Administrative Check a Waiver of Liability must be signed and presented to the rally administration.

Please ensure that you've completed the rest payments of the fees before 10th June.

Upon successful completion of the administrative check, you will receive an administrative set and a time slot for the scrutineering will be assigned. This time slot is mandatory and must be strictly followed.

During the administrative check you will receive the rally equipment, provided by RBI Sport. The rental for the equipment is included in the entry fee.

A Guarantee / Kaution / Caution against loss and damage of the rally equipment must be paid. The amount of the guarantee depends from the class and category:

CROSS COUNTRY ENDURO, ATV	800 €
CROSS COUNTRY SSV, CARS, TRUCKS	1000 €
EXTREME - CARS, TRUCKS	800 €
DISCOVERY	800 €

NEW! The guarantee for the navigation equipment can be paid by bank transfer before the start of the rally. This amount will be refunded after the finish of the event by wire transfer if the rally equipment is returned in full and without damages.

Subject of the wire transfer has to be:

*Guarantee for rally equipment for booking number **XXXXX** where you have to write your booking number instead of **XXXX**.*

*Example: **Guarantee for rally equipment for booking number 07164***

Important: This has to be a separate wire transfer and cannot be combined with entry fees or other services.

On-site, the guarantee can only be paid in cash. Due to the large amount, we recommend everyone to use the bank transfer option before the rally.

Opening hours for the administrative check:

20 th June 2024	Thursday	16:00 – 20:00	Breaks: 17:30 – 18:00 hrs.
21 st June 2024	Friday	08:30 – 20:00	Breaks: 10:30 – 11:00 hrs., 13:00 – 13:30 hrs., 15:30 – 16:00 hrs.,
22 nd June 2024	Saturday	08:30 – 15:00	Breaks: 10:30 – 11:00 hrs., 13:00 – 13:30 hrs.,

SCRUTINEERING

The scrutineering will start on Friday, 21st June and will finish on Saturday, 22nd June at 18:00 hrs. Make sure to come on time for your time slot which will be given at the administrative check.

Rally vehicles must be prepared according to the technical requirements and regulations of the rally.

All the required stickers like start number, rally plate, etc. must be strictly fixed according to the sticker plan published in the regulations.

Safety Tracking System and Navigation System have to be properly installed on the vehicle.

To speed up the process, please prepare all the equipment such as belts, first aid kits, etc. in advance. For SSVS, CARs, and TRUCKs, put these items on the navigator's seat. Bikers and ATV riders should carry them in a bag for quick checking.

The checklists for the technical check can be found on the Digital Notice Board. Read them and prepare accordingly.

OVERVIEW OF THE RALLY PROGRAM

The official celebration will start on 22nd June at 21:00 hrs. with a night filled with music, memories, and merriment.

Get ready to rock out with Biba & die Butzemänner and indulge in delicious bites and beverages at the imbiss.

The Biba & die Butzemänner has been one of the most popular top bands in the rock/pop sector for years and guarantee a professional live stage show and they will inspire you from the very beginning.

30TH JUBILEE THE LEGEND LIVES ON

GLADIATOR

New! Throughout all the rally, there will be a special Food Corner with a grill, music and drinks. There you can share nice moments with your friends during this rally week. This service is provided by a subcontractor and it is not included in the official catering. The food and drinks have to be paid directly to the personnel there.

This Snack Bar will open on Thursday, 20th June and will stay with us until the end of the rally. To ensure the comfort of all participants, after 22:30 hrs., it will operate with reduced music volume, except on the opening and closing nights.

The official rally catering, which includes breakfast, a lunch package, and dinner, will start on Sunday, 23rd June with breakfast and will end with dinner on Saturday, 29th June.

Please note that the bivouacs and the celebrations of Rallye Breslau are not public events with free access. All the people who would like to attend have to be registered in advance as participants or through the visitor packages.

SUNDAY, 23RD JUNE

The day will start with breakfast from 7:30 to 9:00.

The first drivers' briefing will be from 9:30 to 10:15, covering information about the Prologue, Leg 1, and Leg 2. It is mandatory for all competitors.

From 10:30 to 11:30, there will be a training session on the IRIS system.

The ceremonial start will begin at 13:00 hrs. near the bivouac, followed by a short prologue.

Due to the large number of competitors, the start procedure will take longer. During the rally there will be special instructions for the start times of different classes. Generally, competitors in the ENDURO and ATV classes will start early in the morning and the other classes will start later, ensuring sufficient time gaps for safety.

MONDAY, 24TH JUNE and TUESDAY, 25TH JUNE

For these two days, the competition will be held on the grounds of the military polygons around Zagan. Each rally day will have one stage approximately 150 km long, with liaisons of about 20 km per day.

WEDNESDAY, 26TH JUNE – HANNIBAL STAGE (FIRST MARATHON STAGE). CHANGE OF THE BIVOUAC.

Participants will start from Zagan toward Drawsko Pomorskie with a 135 km selective section. After finishing the first selective section, there is a large truck parking area with several gas stations, a restaurant, and a car wash. The coordinates of this parking will be in the road book and they will be provided to the service teams. This area is convenient for servicing and loading the racing vehicles for transfer to the start of the second selective section at the Drawsko Pomorskie polygon. There will be no roadbook for the transfer. It will be done using street navigation for public roads. The transfer distance is between 180-200 km, depending on the chosen route.

Important! Loading of racing vehicles for the transfer is not obligatory. It is optional. Please note that the time for the transfer and respectively the time for the start of the second selective session has to be followed. It includes everything – transfer, servicing, refuelling. Slower competitors may prefer to drive directly to the start instead of loading the vehicle for the transfer in order to save time. The second SS is in the military polygon of Drawsko Pomorskie. It is 55 km long and finishes close to the bivouac in Drawsko Pomorskie.

Coordinates for unloading the vehicles before the start will be provided. The place is large enough for vehicles to be unloaded and the racers can begin their way to the start of the second SS. Then the service teams can continue to the bivouac.

The second bivouac will be located in an area with limited access in the northern part of the military polygon of Drawsko Pomorskie. The nearest city is Drawsko Pomorskie and the nearest gas station is also located there.

The Drivers' briefing is scheduled for 21:00 hrs.

THURSDAY, JUNE 27, 2024

Thursday also will be a long day. Cross Country and Extreme categories will start on different terrains. Extreme competitors will stay at the Drawsko Pomorskie military polygon and will drive there one stage which will be around 180 km long.

Meanwhile the competitors of the Cross Country category will start their second marathon stage. After a short liaison, they will drive 3 selective sections with total length of 180 km. There will be liaisons between them and the last one will take the participants back to the bivouac in Drawsko Pomorskie.

To keep the tradition and because Rally Breslau has always been something special, on Thursday evening and into the night, both categories will drive the famous night stage, which is 65 km long. A special start list will be prepared for this night stage. In general, the briefing on Wednesday will provide information about the stages on Thursday and the night stage, but if necessary, the organizer can hold a short briefing before the start of the night stage.

FRIDAY, 28TH JUNE

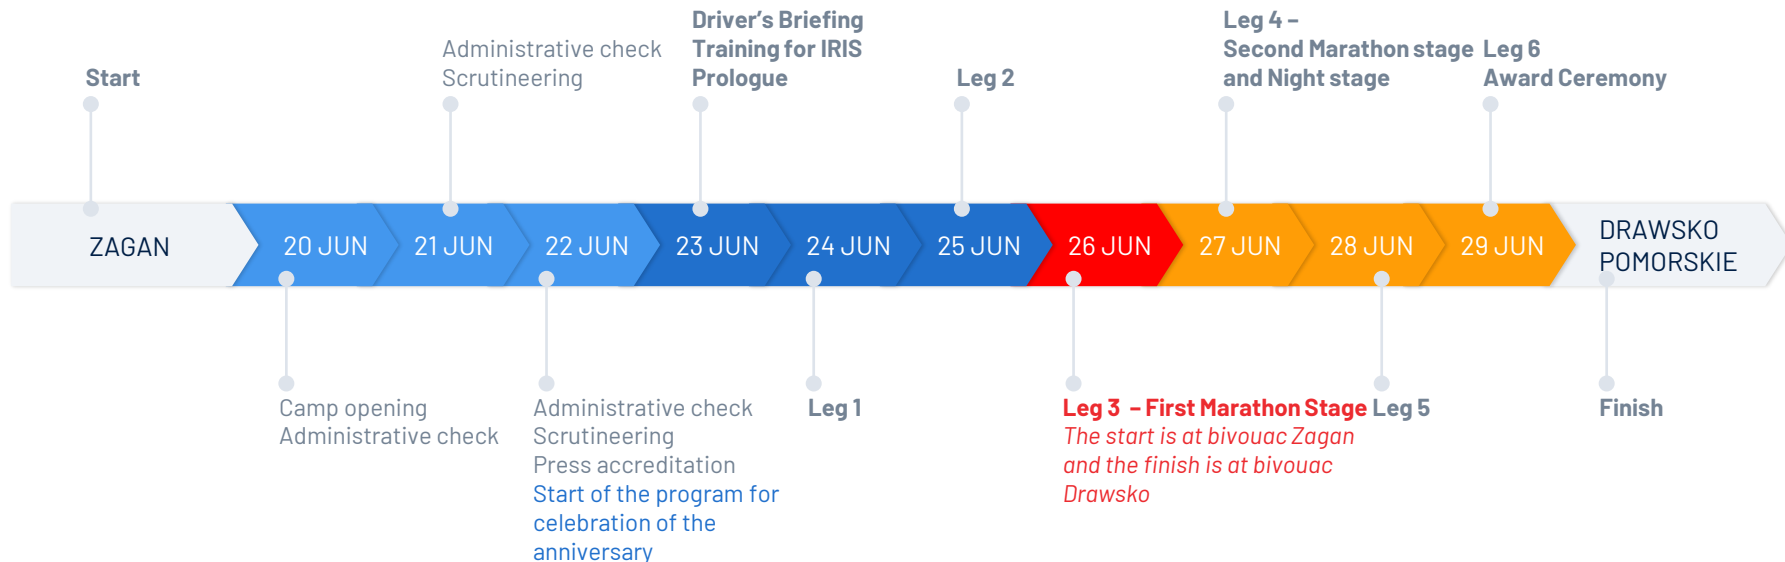

On Friday Cross Country and Extreme categories will drive at the Drawsko Pomorskie military polygon. The stage for each category will be about 180 km long.

Important for ENDURO and ATV. The length of the selective section exceeds the maximum autonomy for Enduro and ATV, so there will be a refuelling zone during the stage. Competitors in these classes must bring jerry cans with fuel before the stage, which will be transported to the refuelling zone by the organizer.

SATURDAY, 29TH JUNE

The Winners' Stage, will be 80 km long and it will finish under the ceremonial arch of Rallye Breslau. The arch will be situated near a main road, allowing service and guests to join and celebrate this unforgettable moment.

At the end of the day, at 21:00 hrs., a special awards ceremony will honour the rally's most legendary moments and participants. It will be followed by a live rock band performance and a closing birthday party.

20 June	Opening of bivouac & Administrative Check
21 - 22 June	Administrative and Check Scrutineering by time slots
22 June	Anniversary Program and Jubilee Concert
23 June	Driver's Briefing and Training for IRIS Prologue
24 June	Leg 1
25 June	Leg 2
26 June	Leg 3 – HANNIBAL STAGE (first marathon stage) Start is in bivouac Zagan and finish is in bivouac Drawsko
27 June	Leg 4 – SECOND MARATHON STAGE and NIGHT STAGE no change of the bivouac
28 June	Leg 5
29 June	Leg 6 Award Ceremony and closing party with live band

OFFICIAL NOTICE BOARD

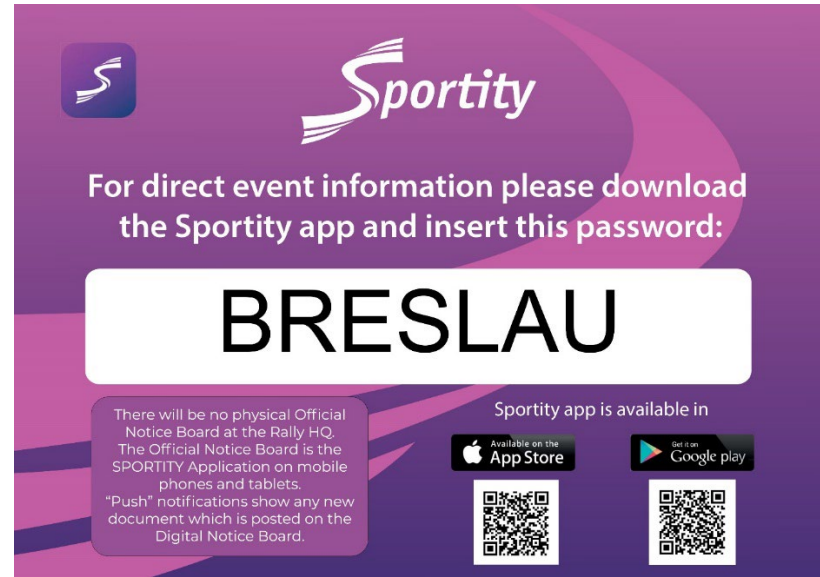

There will be no physical Official Notice Board at the Rally HQ.

The Official Notice Board is the SPORTITY Application on mobile phones and tablets.

Password: BRESLAU

“Push” notifications show any new document that is posted on the Digital Notice Board.

The Sportity App can be downloaded from Google Play or AppStore.

The graphic features the Sportity logo at the top left. Below it, the text reads: "For direct event information please download the Sportity app and insert this password:". In the center, the password "BRESLAU" is displayed in large, bold, black letters on a white background. Below the password, there are two QR codes. To the left of the QR codes, a text box explains: "There will be no physical Official Notice Board at the Rally HQ. The Official Notice Board is the SPORTITY Application on mobile phones and tablets. 'Push' notifications show any new document which is posted on the Digital Notice Board." To the right of the QR codes, it says "Sportity app is available in" followed by the App Store and Google Play logos.

Information about the Road Book, NAV GPS devices and Rally Safety System can be found on the following link:

https://rbi-sport.com/Documents/2024_Communication_1_Digital_Road_Book-IRIS-and-GEOTRAQ.pdf

In addition to the communication follow the link to open the user manual of IRIS Digital Road book and NAV-GPS

https://www.rbi-sport.com/Documents/IRIS-USER_MANUAL.pdf

Important! Please note that the IRIS system operates with on-screen buttons. It must be mounted in a position that can be operated by hand while seated with safety harness fastened. There will be no remote control. A cable remote device is under development and will be available in October.

Please ensure that the IRIS device to be mounted in such a way that when entering or exiting the vehicle, the power connection is not to be hit with the knees.

Teams with an ERTF holder do not need to make additional holes on the dashboard because the IRIS mounting bracket features the same hole pattern as ERTF.

Please ensure a direct power supply from the vehicle's battery not only for the Geotraq device but also for the IRIS tablet. It is highly recommended to be via inline fuse with 5A rating. It is your responsibility to ensure that the tablet has a continuous power supply, even with main switch being turned off.

This year, we will provide the IRIS device equipped with a mounting bracket and kit. After the rally, you must return the equipment in the same condition, including the bracket and the kit. In the future, you will have the opportunity to purchase the bracket for use in all events supported by RBI Sport.

FOR ENDURO, ATV AND EXTREME DRIVERS

We highly recommend using digital road books. While paper road books are printed in black and white, digital road books are in full color. Digital road books are also continuously updated with all modifications, ensuring you always have the latest version. Additionally, using digital road books has a positive ecological impact.

RALLY TRIPMETER DEVICE

IRIS devices have an integrated tripmeter for total and partial distance . Despite this, we recommend having an autonomous device for redundancy.

*We look forward to seeing you at the start of the 30th anniversary edition of Rallye Breslau.
It will be extraordinary.*

30th Edition

The legend lives on!
Be part of it!
